1. About our Capital Guaranteed Pension

ABOUT ACCOUNT BASED PENSIONS

Our Capital Guaranteed Pension account is a complying account based pension.

Account based pensions are designed to convert your accumulated superannuation into a tax effective income stream – your own pension. This income is automatically paid periodically into your nominated account. The amount drawn down can vary from year to year to suit your circumstances, subject to a minimum annual draw down amount depending on your age (see Section 5 for details).

The Australian Government provides a range of incentives for people to be self-sufficient in retirement. Tax concessions and other government benefits generally make account based pensions one of the best vehicles for investing and receiving a retirement income stream (see Section 8). Unlike superannuation accumulation, the investment earnings are not taxed.

Another key feature of account based pensions is that they allow you to access your capital. In addition to your regular draw down you can make lump sum withdrawals, if required, although this may affect your Centrelink entitlements.

Finally, your money can be withdrawn and reinvested elsewhere without high exit costs (see Section 7).

See www.humanservices.gov.au for more information on Centrelink's Means Testing and the implications of lump sum withdrawals.

4. Risks

All investments have some level of risk. It is important to note that the Capital Guaranteed Pension account may not provide an income stream for the rest of your life as it depends on the amount of money invested, the rate of return and your future life span.

While our Capital Guaranteed Pension account is a low risk investment, there are some potential risks you should consider before investing in this product:

- Investment risk – The measure of the level of uncertainty of achieving the returns as per the expectations of an investor.
- Interest rate risk – Changes in interest can have a positive or negative impact on investment returns.
- Changes in Superannuation Legislation - Laws affecting superannuation may change which may affect the amount of your super when you can access it.
- Changes in Taxation Law - Changes can occur to the taxation of Superannuation law which may affect the value of your investment.
- Preservation Laws – You may not be able to access your superannuation because of preservation rules until you retire from the workforce and reach preservation age.
- Previous investment returns are not an indicator of future performance.
- Your investment and future superannuation savings may not be sufficient to provide an income for the rest of your life.

You may wish to seek advice about these risks from a licensed financial adviser.

5. How our Capital Guarantee Pension account works

Once you have commenced a Capital Guaranteed Pension account, you cannot make any additional contributions to your account. You must invest any other contributions in a separate super accumulation account. For this reason, contributions are often consolidated before opening a pension account.

Australian Military Bank also offers a Capital Guaranteed Super account which can be used for making other superannuation lump sum contributions. There is no entry cost and no exit fees. For further details, refer to our Capital Guaranteed Super account PDS which can be downloaded at australianmilitarybank.com.au/superannuation.

ARE YOU ELIGIBLE?

A minimum investment amount of \$50,000 is required to open a Capital Guaranteed Pension account.

You can commence a Capital Guaranteed Pension account if you have immediate access to your superannuation funds. This means you have met one of the conditions of release for your funds, such as:

- You are under age 60 and have reached your minimum preservation age and have retired permanently from the workforce;

Date of Birth	Preservation Age
Before 1 July 1960	55 yrs
1 July 1960 to 30 June 1961	56 yrs
1 July 1961 to 30 June 1962	57 yrs
1 July 1962 to 30 June 1963	58 yrs
1 July 1963 to 30 June 1964	59 yrs
From 1 July 1964	60 yrs

- you are aged 65 or older; or
- you have selected the 'Transition to Retirement' option.

To consolidate other superannuation accounts into your Capital Guaranteed Pension account, call **1300 13 23 28** or visit australianmilitarybank.com.au/superannuation and complete the Transfer Authority form.

Totally and permanently disabled persons may also be eligible to contribute and access their accumulated superannuation via our Capital Guaranteed Pension account if they meet the conditions of release required by legislation.

HOW YOUR MONEY IS INVESTED

Our Capital Guaranteed Pension is a cash and fixed interest based investment, managed by Australian Military Bank. It is capital guaranteed, meaning that your investment is protected from negative investment earnings.

Your investment will attract a variable and/or fixed rate of interest in accordance with your nominated option (see Section 6).

RECEIVING AND ACCESSING YOUR PENSION

You can nominate the level of income you receive from your Capital Guaranteed Pension account. The current minimum annual draw down amounts (age based pension factors) are outlined in the following table.

These age based pension factors are current at the date of this PDS but are reviewed by the Australian Government from time to time.

For more information go to www.ato.gov.au/super.

The table below outlines the minimum pension payment based on age.

Age of Pension Account Holder	Percentage Factors*
Under 65	4%
65 - 74	5%
75 - 79	6%
80 - 84	7%
85 - 89	9%
90 - 94	11%
95 or more	14%

*The minimum annual payment amounts are subject to variation by the Australian Government.

Once your Capital Guaranteed Pension account has commenced, we will request your instruction each July as to how much income you wish to draw down for the new financial year.

If you commence a Capital Guaranteed Pension in June there is no minimum drawdown amount in that financial year.

PENSION PAYMENTS

The Capital Guaranteed Pension will make regular payments (monthly, quarterly, half yearly or yearly) to your nominated account on either the 15th or 30th day of each month. Your nominated account must be in your name and held with a bank or other ADI operating in Australia.

If the pension payment date falls on a weekend or public holiday, the pension payment will be made into your nominated account on the previous working day, meaning you will always receive the funds in your account by your nominated pension payment date.

There is no maximum limit set on the amount that can be drawn down each year unless you are in 'Transition to Retirement'.

LUMP SUM WITHDRAWALS

Lump sum withdrawals (withdrawals over and above your regular pension draw down payment) can be requested by completing a Lump Sum Withdrawal form. To obtain this form, please contact us on **1300 13 23 28** or you can find this form on our website at australianmilitarybank.com.au/superannuation.

The minimum lump sum withdrawal is \$10,000. If your account balance is below \$10,000, you must withdraw the full remaining balance. Fees apply to lump sum withdrawals (see Section 7).

Requests are typically processed and funds deposited into your nominated Australian bank or other ADI account (in your name) within 3 business days. Lump sum withdrawals can have potential implications for your Centrelink entitlements.

You should seek advice from a licensed financial adviser before requesting a lump sum withdrawal.

For more information on Centrelink entitlements, please go to Financial Information Service www.humanservices.gov.au.

TRANSITION TO RETIREMENT

If you have reached preservation age, you can rollover your superannuation into a Non-Commutable Income Stream while continuing to work. This is known as 'Transition to Retirement'. A transition to retirement pension allows you to access a part of your superannuation benefit while continuing to work.

Under the transition to retirement rules, your pension has a maximum drawdown limit of 10% of the account balance in any one financial year.

You should seek advice from a licensed financial adviser before deciding on transition to retirement.

For more information on Transition to Retirement please go to www.ato.gov.au/super.

MINIMUM ACCOUNT BALANCE

The minimum opening investment amount is \$50,000. If your balance falls below \$2,000, we will automatically close your account and pay the remaining pension beneficiaries (less taxes and fees) to your nominated bank or other ADI account (in your name).

6. Investment and Savings Options

INVESTMENT AND SAVINGS OPTIONS

The investment strategy is to invest in a portfolio with a core of cash and fixed interest products. We offer the choice of a variable rate and a fixed term interest rate. If you do not nominate an investment option, your funds will be automatically invested in the variable interest rate option.

VARIABLE RATE

The Capital Guaranteed Pension offers a tiered interest rate arrangement. As the balance grows and reaches the new tier, the interest calculated is at the new tier rate as long as the Variable Account remains above the tier threshold. Interest is calculated on a daily basis and credited to your account monthly.

Interest rates applying to the Capital Guaranteed Pension account may vary upwards and downwards over time in line with movements in interest rates in the marketplace.

FIXED RATE

You can apply for the fixed term interest rate option as part of your Capital Guaranteed Pension account at any time if you invest a minimum of \$20,000 on the fixed term. We currently offer terms of 12, 24 and 36 months. The interest rate applicable is set by us at the time we accept your funds and is fixed for the agreed term. Interest is calculated on a daily basis and credited to your variable account upon the maturity of your term deposit.

You must keep sufficient funds in the variable interest rate option (20% of the total account balance) to allow for drawdowns (Pension Payments). This means that the fixed rate option may be held at a maximum of 80% of the account balance.

Your term will start from the date Australian Military Bank receives the funds and your instructions. You can request to redeem your fixed term interest rate option before maturity by giving 31 days written notice. If we agree to your request, you will be charged an early termination fee.

You can obtain information on our current interest rates and fixed terms offered on our Capital Guaranteed Pension account by contacting us on **1300 13 23 28** or visiting our website at **www.australianmilitarybank.com.au/superannuation**.

Note that interest rates shown are before taxes and government charges are deducted.

You may wish to seek advice about the above investment options from a licensed financial adviser.

7. Fees and other costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of additional services justify higher fees and costs.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (**www.moneysmart.gov.au**) has a superannuation calculator to help you compare different fee options.

This section outlines the fees you may be charged on the Capital Guaranteed Pension Account. These fees are deducted from your account balance.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Fees	\$
Transaction Fees	Nil
Establishment Fee	Nil
Pension Payment Fee	Nil
Rollover Fee	Nil
Management Fees	Nil
Administration fee	Nil
Lump Sum Withdrawal Fee	\$50 debited from your account at the time the lump sum withdrawal is processed.
Investment Option Switch Fee	Nil
Account Closure fee	\$50.00
Early Termination fee (Fixed deposit option)	This charged is not a fixed amount but a reduction in the interest rate to the lowest rate for the period invested.

ADDITIONAL EXPLANATION OF FEES AND OTHER COSTS

There are no other fees and costs for our Capital Guaranteed Pension account.

Keep in mind that the level of fees and costs can change from time to time. Australian Military Bank will always notify you in advance of any fee change. We also reserve the right to debit your account with any applicable government charges that may be introduced. We will notify you if we do this.

COOLING OFF PERIOD

If you have applied for our Capital Guaranteed Pension account and after opening the account you change your mind, you may obtain a refund. To do so, write to us requesting a refund. We need to receive the request within 14 days from the earlier of:

- the date when Australian Military Bank provides you with confirmation of your account being opened; and
- the end of the fifth day after the date on which your account is opened.

8. How a Capital Guaranteed Pension account is taxed

IMPORTANT NOTE ON TAX FILE NUMBERS (TFN)

You must provide a Tax File Number (TFN) declaration form when you open your Capital Guaranteed Pension account. If you do not provide your TFN, we cannot open your account.

The Australian Government provides a range of incentives to encourage people to be self-sufficient in retirement. Tax concessions and other government benefits generally make account based pensions one of the best vehicles to invest and receive a retirement income stream.

Generally no tax is payable when you transfer your superannuation into a Capital Guaranteed Pension account except from an untaxed superannuation fund.

The investment earnings are not taxed inside a pension account therefore delivering higher net returns. However the investment returns on Transition To Retirement (TTR) pension accounts will be taxed up to 15%.

For persons over the age of 60, pension payments received from their Capital Guaranteed Pension account is tax free and does not need to be declared as assessable income.

If you withdraw lump sums ('cash out') from your account, any tax payable will depend on the taxable and tax free components within your superannuation and your age. Generally you do not pay tax when you cash out and you are aged 60 years or older.

You should seek professional advice on tax matters.

For information about how tax applies to pensions, investment earnings and withdrawals see www.ato.gov.au/super.

Centrelink offers a free Financial Information Service which can assist you in understanding the social security implications of account based pensions. Call **13 23 00**.

16. Important information about Binding Nominations, Reversionary Beneficiaries and Non-Binding Nominations

In December 2008, changes were made to legislation to allow death beneficiaries to be paid to a broader class of dependants including same-sex spouses and children of those relationships. These changes are reflected below.

WHAT IS A BINDING DEATH NOMINATION?

You can complete a binding death nomination to require that we pay your death benefit to the dependants you nominate or to your legal personal representative. If you complete and we receive your valid binding death nomination prior to your death, we are required to follow your nomination. This can provide you with greater certainty on who will receive your super benefit when you die.

It is important to be aware before completing a binding death nomination that:

- Your binding death nomination must be renewed every three years to remain valid. We will generally contact you before your nomination expires; however, you should always ensure your nomination is current and valid.
- Your binding death nomination is binding on Australian Military Bank and, if valid, cannot be overruled by Australian Military Bank. Accordingly, you should ensure it is always up-to-date and reflects your wishes given your current personal circumstances. In particular, it is important to review that your nomination is still appropriate and reflects your wishes if you get married, separate or get divorced, enter a de facto relationship (including same-sex), have a child, if someone you nominate has died, or someone becomes or is no longer financially dependent upon you or in an interdependency relationship with you.

- If you nominate your legal personal representative, your death benefit will be paid to your estate and distributed in accordance with your will or the laws of intestacy. This means that the distribution may be challenged if someone disputes your will or the distribution of your estate. If you nominate your dependants, your death benefit will be paid directly to them.
- Tax may be withheld from your death benefit when paid to your dependants or distributed from your estate. There are differing tax treatments of death benefits depending on how old you are, how old your nominated beneficiaries are and who you nominate and whether it is paid as a pension or lump sum.

To make a valid binding death nomination:

- You must be at least 18 years of age;
- You must complete, in writing, the binding death nomination form available in the most up-to-date PDS or on our website or by calling us;
- By law, your nomination will only be valid if you nominate a person(s) that at the time of your death is your dependant or your legal personal representative. Refer below for more information;
- You must complete the full name and date of birth of each person nominated to ensure we can identify them in the event of your death;
- You must ensure that the proportion payable to each person nominated is stated and you have allocated 100% of your death benefit;
- Your nomination must not be ambiguous in any other way;
- You must sign the binding death nomination form in the presence of two witnesses who are both at least 18 years of age and are not nominated on the form; and
- You must send and we must receive your validly completed nomination prior to your death.

You may amend, renew or revoke your nomination at any time by completing a new binding death nomination form in writing, available on our website or by calling us.

REVERSIONARY BENEFICIARY NOMINATIONS

When you commence your pension under Capital Guaranteed Pension account, you are able to nominate on the application form a reversionary beneficiary to receive your pension when you die. You may only nominate a dependant as your reversionary beneficiary.

This in effect nominates this reversionary beneficiary as the owner of the pension when you die. Accordingly, this reversionary beneficiary nomination will take precedence over any subsequent non-binding nomination or binding death nomination. If you wish to add or change your reversionary beneficiary you will generally need to complete a new application form.

NON-BINDING NOMINATIONS

When you commence your pension under Capital Guaranteed Pension account you are able to make a non-binding nomination on the application form to tell us who you would like to receive your death benefit when you die. You may only nominate your dependants or your legal personal representative.

A non-binding nomination will indicate your preference for beneficiaries. It is important to assist us in determining who should receive your money. However, the trustee would have absolute discretion to pay your money to your dependant(s) or your legal personal representative (estate) but will take into your account your nomination.

If you would like to consider a more binding form of nomination, please consider appointing a reversionary beneficiary or making a binding death nomination. The subsequent nomination of a reversionary beneficiary or completion of a valid binding death nomination will supersede any previous non-binding nomination you have made.

WHO CAN YOU NOMINATE?

A valid binding death nomination can only nominate your legal personal representative or your dependants. Your legal personal representative is the person appointed on your death as the executor or administrator of your estate. Your dependants are:

- Your current spouse, this includes the person at your death to whom you are married or with whom you are in a de facto relationship, whether of the same-sex or a different sex, or in a relationship that is registered under a law of a State or Territory.
- Your child, this includes any person who at your death is your natural, step, adopted, ex-nuptial or current spouse's child, including a child who was born through artificial conception procedures or under surrogacy arrangements with your current or then spouse.
- Any person financially dependent on you, this includes any person who at your death is wholly or partially financially dependent on you. Generally, this is the case if the person receives financial assistance or maintenance from you on a regular basis that the person relies or is dependent on to maintain their standard of living at the time of your death.
- Any person with whom you have an interdependence relationship, this includes any person who at your death:
 - you have a close personal relationship with and you live together;
 - you or this person provides the other with financial support; and
 - you or this person provides the other with domestic support and personal care.

The relationship is not required to meet the last three conditions, if the reason these requirements cannot be met is because you or the other person is suffering from a disability.

In establishing whether such a relationship exists, all of the circumstances of the relationship are taken into account, including (where relevant):

- The duration of the relationship;
- Whether or not a sexual relationship exists;
- The ownership, use and acquisition of property;
- The degree of mutual commitment to a shared life;
- The care and support of children;
- The reputation and public aspects of the relationship (such as whether the relationship is publicly acknowledged);
- The degree of emotional support;
- The extent to which the relationship is one of mere convenience; and
- Any evidence suggesting that the parties intended the relationship to be permanent.

If you are considering relying on this category or dependency to nominate a person, you should consider completing a statutory declaration addressing these points as evidence of whether such a relationship exists. You should talk to your financial adviser for more information.

PAYING YOUR DEATH BENEFIT

At the time of your death, we will contact the people you have nominated in your binding death nomination or non-binding nomination to ensure that they are still either a dependant or your legal personal representative or that your reversionary beneficiary is a dependant. We are also generally required to establish the identity of this person before paying out your death benefit.

If you have nominated one or more of your dependants, they will be provided the choice of taking their proportion of the death benefit as a lump sum cash payment or a pension from our Capital Guaranteed Pension. Please note, however, that from 1 July 2007 if you have nominated a child, the death benefit must be paid to them as a lump sum cash payment unless the child:

- Is under age 18,
- Is under age 25 and is financially dependent on you, or
- Has a certain type of disability.

If your child's personal circumstances change so that they no longer meet one of these exceptions, we will pay the remaining account balance to them as a lump sum cash payment.

A PDS describing the features of a pension from our Capital Guaranteed Pension is available on our website or by calling us.

NO VALID BINDING DEATH NOMINATION OR REVERSIONARY BENEFICIARY

Your death benefit will be paid to your legal personal representative if:

- At the time of your death, you have not completed or we have not received a valid binding death nomination or reversionary beneficiary nomination;
- You have revoked your last binding death nomination or it has lapsed;
- Your nominated reversionary beneficiary cannot be identified or is not a dependant at the time of your death, the people you have nominated on your binding death nomination cannot be identified or are not at the time of your death your dependant or legal personal representative; or
- Australian Military Bank determines that your binding death nomination or reversionary beneficiary nomination is otherwise invalid.

This is general information only and does not take into account your personal circumstances. Please talk to your financial adviser for more information on binding death nominations and your personal estate planning needs.
