Welcome to Bugsy's World

OCTOBER 2014

Hello to all my Super Savers.

Spring is here and it's brighter than ever! I have lots of fun for everyone in this edition of Bugsy's World. There are some activities to keep your brain active: a find-a-word and some math teasers. Test yourself and show Mum or Dad how brilliant you are!

When you're playing outside, why not help plant some veggies and flowers? We've also got a list of things to do before you turn 11: have you done any of these yet?

Remember, if you have any questions or would like to see something special in Bugsy's World, you can email me at bugsy@adcu.com.au.

Love, Bugsy.

Try answering these...

1. Can you design a math equation including four 9's that equal 100?
2. How can you use the letters in NEW DOOR to make one word?
3. What can run but never walks, has a mouth but never talks, has a head but never weeps, and has a bed but never sleeps?
