Australian Defence Credit Union Limited, as an Authorised Deposit-Taking Institution (ADI), is regulated by the Australian Prudential Regulation Authority (APRA). APRA is the prudential regulator of the Australian financial services industry. The fundamental role of APRA is to ensure the stability of the financial industry, primarily through the establishment and enforcement of prudential standards.

One of APRA's main focus areas in ensuring that the member's funds are safe is to ensure that financial institutions hold adequate amounts of capital.

In 2008 Prudential Standard 'APS 330 Capital Adequacy: Public Disclosure of Prudential Information' became effective. The standard requires financial institutions 'to make high quality and timely disclosures of information on its risk management and capital adequacy to contribute to the transparency of financial markets and to enhance market discipline'.

The following disclosures on capital and credit risks are for Australian Defence Credit Union Limited (ADCU) ABN 48 087 649 741.

ADCU is using the post 1 January 2013 common disclosure template because it is fully applying the Basel III regulatory adjustments as implemented by APRA from 30 June 2013. This is a change from the previous quarterly reporting formats.

The information in this report is prepared quarterly based on ADCU financial records. The financial records are not audited for the quarters ended 30 September, 31 December and 31 March. The report for 30 June is based on the financial statements as audited at 30 June.

There are no other legal entities that comprise a consolidated group.

Glossary of terms used in this guide is

- AT1' refers to Additional Tier 1 Capital
- The Basel II framework' refers to the document International Convergence of Capital Measurement and Capital Standards: A Revised Framework, Comprehensive Version, June 2006, published by the Basel Committee on Banking Supervision (the Basel Committee):
- 'Basel III' refers to the document Basel III: A global regulatory framework for more resilient banks and banking systems, revised version, June 2011, published by the Basel Committee;
- "CET1' refers to Common Equity Tier 1 Capital;
- " 'T1' refers to Tier 1 Capital; and
- " 'T2' refers to Tier 2 Capital.

The capital terms are further defined in the APRA Prudential Standards APS 110.

Capital Base

The details of the components of the capital base are set out below as at the financial year ended 30 June 2013. These amounts coincide with the audited accounts.

The following Table 1 sets out the elements of the capital held by ADCU including the reconciliation of any adjustments required by the APRA Prudential Standards to the audited financial statements. Adjustments are usually in the form of deductions of assets not regarded as recoverable in the short term (such as intangible assets and deferred tax assets), and or discounts made to eligible capital of a short term nature.

All regulatory capital elements are consistent with the audited financial statements as at the last reporting date.

Capital Instruments of ADCU

The regulatory capital of ADCU comprises

- Retained Earnings
- General Reserve for Credit Losses
- Asset Revaluation Reserves

There are no capital instruments (shares, debt instruments) issued by ADCU.

Table 2: Main features of Regulatory Capital instruments

30	Write-down feature	-	No

31	If write-down, write-down trigger(s)	-	N/A
32	If write-down, full or partial	-	N/A
33	If write-down, permanent or temporary	-	N/A
24	If temporary write-down, description of wind		N/A
34	up mechanism	-	IV/A
	Position in subordination hierarchy in		
	liquidation (specify instrument type	-	Deposits
	immediately senior to instrument)		
36	Non compliant transitioned features	-	Yes
27	If you appoin non compliant factures		No write down or convertible
37	If yes, specify non compliant features	-	feature

Capital Requirements

An ADI's capital is measured by means of risk based capital ratios calculated by dividing each of its Common Equity Tier 1 Capital, Tier 1 Capital and Total Capital by its risk weighted assets.

The risk weighted assets for each asset grouping as set out in the table below is determined by the APRA Prudential Standards APS 112. These are prescribed risk weights to measure the level of risk based on the nature and level of security supporting the assets recovery.

The risk weighted assets held as at the end of the quarter 30 June 2013 is as follows.

Table 3: Risk Weighted Assets (RWA) by Asset Class

	Prescribed	t	
	RWA		
	\$'000		
	30-Jun-13	31-Mar-13

advanced, guarantees)			
Capital requirements for securitisation	-	-	
Total credit risk off balance sheet	11,534	11,865	
(b) Capital requirements for market risk.	-	-	
(c) Capital requirements for operational risk.	45,022	43,222	
Total Risk Weighted assets	401,517	415,699	

Capital Held by ADCU

ADCU maintains a capital policy and sets a capital target above the minimum as prescribed by the APRA Prudential Standards. Any excess facilitates future growth within the ADI.

The capital ratio is the amount of capital described in Table 1 divided by the risk weighted assets in Table 3

Table 4: Capital

	Capital		
	\$' 000		
	30-Jun-13	31-Mar-13	
Common Equity Tier 1 Capital Ratio	16.82%	16.10%	
Tier 1 Capital Ratio	16.82%	16.10%	
Total Capital ratio	18.20%	17.33%	

Credit Risk

Credit Risk-Investments

Surplus cash not invested in loans to members are held in high quality liquid assets. This includes the funds required to be held to meet withdrawal of deposits by members of ADCU.

ADCU uses the ratings of reputable ratings agencies to assess the credit quality of all investment exposures, where applicable, using the credit quality assessment scale in APRA prudential Guidance in APS112. The credit quality assessment scale within this standard has been complied with.

Table 5 below excludes equity and securitisation exposures. Securitisation exposures are set out in the Table 8 that follows.

The exposure values associated with each credit quality step are as per below in Table 5.

Table 5: Credit Risk Investments

			30-Jun-13			
Investments with banks and other ADI's	Average gross exposure in quarter	Carrying value on balance sheet at 30 June 2013	Past due facilities	Impaired facilities	Specific Provision as at end of qtr	Increase in specific provision and write offs in qtr

Unrated institutions – ADIs	-		-	-	-	-
Total	143,503	144,704	-		-	-

Credit Risk-Loans

The classes of loans entered into by ADCU are limited to loans, commitments and other non-market off-balance sheet exposures. The ADI does not enter into debt securities and over-the-counter derivatives.

Impairment details

The level of impaired loans by class of loan is set out below. In the note below -

- Carrying Value is the amount of the balance sheet gross of provision (net of deferred fees).
- Past due loans is the 'on balance sheet' loan balances which are behind in repayments past due by 90 days or more but not impaired.
- Impaired loans are the 'on balance sheet' loan balances which are at risk of not meeting all principle and interest repayments over time .
- Provision for impairment is the amount of the impairment provision allocated to the class of impaired loans.
- The losses in the period equate to the additional provisions set aside for impaired loans, and bad debts written off in excess of previous provision allowances.

The impaired loans are generally not secured against residential property. Some impaired loans are secured by bill of sale over motor vehicles or other assets of varying value. It is not practicable to determine the fair value all collateral as at the balance date due to the variety of assets and condition.

The analysis of the ADI's loans by class is as follows in Table 6

Table 6: Credit Risk Loans

	30-Jun-13						
Loans Portfolio	Gross exposure value -Average for the period	Gross exposure value on balance sheet at 30 June	Commitments – redraws, overdraft facilities undrawn	Past due facilities	Impaired facilities	Specific Provision as at end of qtr	
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	
Mortgage secured	495,122	502,456	22,423	-	-	-

General Reserve for Credit Losses

This reserve is set aside to quantify the estimate for potential future losses in ADCU loans and investments.

In addition to the provision for impairment, the board has recognised the need to make an allocation from retained earnings to ensure there is adequate protection for members against the prospect that some members will experience loan repayment difficulties in the future, and the risk of loss on investments and other assets.

Table 7: General Reserve for Credit Losses

	30-Jun-13	31-Mar-13
Balance	1,506,419	1,060,545

Securitisation Arrangements

ADCU has entered into arrangements for securitised loans to support its liquidity requirements from time to time. The table below states the current value of securitised loans managed by the ADI and the amount securitised in the past quarter ended 30 June 2013.

Table 8: Securitised Loans

30-Jun-13						
	Loans Securitised in Current qtr, by type of securitisation	Securitised Loans On-balance sheet exposure retained or purchased	Securitised Loans Off- balance sheet exposures			
		Aggregate amount	Aggregate amount			
	\$'000	\$'000	\$'000			
Mortgage loans	-	-	159,603			
Personal loans	-	-	-			
Credit cards	-	-	-			
Total	-	-	159,603			

The recognised gain or loss on securitised arrangements entered into in the past quarter is \$ Nil

31-Mar-13						
	Loans Securitised in Current qtr, by type of securitisation	Securitised Loans On-balance sheet exposure retained or purchased	Securitised Loans Off- balance sheet exposures			
		Aggregate amount	Aggregate amount
