### What is a Target Market Determination?

The purpose of this Target Market Determination (TMD) is to describe:

- Who this product is designed for;
- How it is distributed;
- When this document will be reviewed; and
- What information is required to be provided to help maintain the accuracy of this document.

### Why do we have TMDs?

We are required to have TMDs, and to comply, with other responsibilities under the Treasury Laws Amendment (Design and Distribution Obligations and Product Intervention Powers) Act 2019. This ensures that our customers will obtain appropriate financial products and are at the centre of how we design and distribute our products.

This TMD is not a Product Disclosure Statement (PDS) and is not a summary of the product terms and conditions. Any advice provided in this document is general advice only. It has been prepared without considering any person's particular objectives, financial situations or needs. More information about this product is contained in the relevant PDS, Loan Contract Terms & Conditions, Schedule of Fees and Charges, and other applicable disclosure documents.

### Target Market

Customers who are looking to purchase or refinance a home with a lower variable interest rate don't need the benefit of additional features such as offset account.
