

HELLO
SUPER
SAVERS,

My name is Super Stripes and you might have noticed, I'm new to the Super Saver club here at Australian Military Bank.

SO WHO AM I?

- 1 I'm your newest friend and a roar-tastic saver.
- 2 I'm 11 years old and my favourite colour is green.
- 3 I'll be here to help you save, give you neat tips and of course, have fun with you along the way.
- 4 But why is it important to save money, you ask? Well, popcorn — my favourite food — doesn't grow on trees. So we need to stick together and learn how to save money so we can get closer to our dreams.
- 5 My biggest dream is to explore the mighty, big wide world and end up in Indonesia with my other Sumatran Tiger friends and family.

In our first edition of Super Stripes News, I've got a colouring in competition and some facts about my relatives so you can get to know me better.

If you have any questions or would like to see something special in Super Stripes News, you can email me at youthcorner@australianmilitarybank.com.au

LOVE STRIPES

SIX FIERCE FACTS ABOUT TIGERS

- 1 Tigers are the largest wild cats in the world. Adults can weigh up to 363kg - that's about the same as 10 x ten year olds! We measure up to 3.3 meters.
- 2 Unlike most members of the cat family, tigers like water. They are good swimmers and often cool off in pools or streams.
- 3 When a tiger wants to be heard, you'll know about it, super savers - because their roar can be heard as far as 3 kilometres away.
- 4 They may be big and heavy, but tigers are by no means slow movers. In fact, at full speed they can reach up to 65 kilometres per hour! Zoom!
- 5 These fierce felines have walked the earth for a long time. Fossil remains of tigers found in parts of China are believed to be 2 million years old. Yikes!
- 6 Every tiger in the world is unique - no two tigers have the same pattern of stripes. Just like no one is the same as you!
